*PK3, 6th and 9th grades are DC's most common entry grades to elementary, middle and high school.

This chart shows the match rate of My School DC lottery applicants by grade level and how many schools they selected on their application. For example, the match rate of PK3 applicants who selected 1 school on their application is 89%. Generally, the more schools a student selects on the application, the better the chances are for a match. However, My School DC recommends that families only select schools on their applications that they would like their students to attend.
